Our focus is on delivering concrete solutions tailored for individuals, SMEs, educational institutions, and government

entities. With a commitment to excellence, we pride ourselves on creating innovative digital solutions that address the unique needs of our clients. Join us on our journey as we redefine the landscape of IT consulting and application development, contributing to the success of individuals and organizations alike. #Innovation #TechConsulting #StartupJourney

## JGOS | Jogja Go Open Source

### Technical Support Staff

July 2011 - March 2012 (9 months)

Daerah Istimewa Yogyakarta, Indonesia

Providing technical support to beneficiaries of the JGOS (Jogja Goes OpenSource) program, I offer assistance in installing Linux Ubuntu and Linux Mint operating systems on recipients' computers. Additionally, I provide guidance to users on operating the Ubuntu/Mint operating systems and their supporting applications. Committed to fostering open-source adoption, I am dedicated to empowering users through hands-on support and fostering a community of proficient Linux users
